

**Abbott**

# Handled with **care**

Nutritionally complete, hypoallergenic, amino acid-based formula for ages 1 and up with food allergies or gastrointestinal disorders.

# Finding the right formula

When your child is prescribed an amino acid-based formula, it can lead to important questions about their diet. They may have food allergies or GI conditions that can lead to nutritional deficiencies. In either case, EleCare® can help.

EleCare® Jr is designed for those unable to tolerate **intact** or **hydrolyzed protein**

For oral or tube feeding

Meets or exceeds 100% of Dietary Reference Intakes for protein and 25 essential vitamins and minerals for children ages 1-13.\*

Use under medical supervision.

\* In 1000 mL for ages 1-3, 1300 mL for ages 4-8, and 1700 mL for ages 9-13 when fed at 30 Cal/fl oz.

## ELECARE® IS CLINICALLY SHOWN TO:

SUPPORT GROWTH<sup>1</sup>

IMPROVE SYMPTOMS<sup>2</sup>
